

## WARSHIP WILL GO TO TRIPOLI

Cruiser Chester Will Protect American Citizens There.

## MURDER OF ONE IS CAUSE

Turkey Gave Permission for Archaeological Researches and Promises Men Who Slew DeCou Shall be Punished.

Washington, Sept. 11.—To impress the unruly tribesmen of Tripoli, who already have taken one American life, with the power and willingness of the United States government to protect its citizens on foreign soil, the scout cruiser Chester will be dispatched to Derna or Benghazi, ports on the Mediterranean, early in October.

The warship will afford protection and such countenance as may be appropriate to the American archaeological expedition which, under the auspices of the Archaeological Institute of America, is engaged in the excavation of the ruins of Cyrene.

The expedition began its researches a year ago with the permission of the Turkish government, which controls that part of Africa. The party, under the direction of Professor Richard Norton of Boston, apparently succeeded in winning the confidence and friendship of the native population.

On March 11 last, however, Herbert F. DeCou, a member of the expedition, was shot to death by tribesmen from a neighboring district when he was proceeding from the camp to the excavations in advance of other members of the party. Three Arabs were arrested. The state department has been advised that their trial soon will be held. The Ottoman government moved as quickly as possible in apprehending the suspects and has given assurance that an honest effort will be made to punish the guilty persons.

It is not certain by any means, however, that the punishment of those responsible for the outrage will be an object lesson, sufficient to control the anti-foreign fanaticism of barbarians. The state department is determined that the safety of the expedition, which will resume work early in October, shall be assured as far as this government can act by precautionary measures.

The Chester is now with the Atlantic fleet in Virginia waters. It will be sent to a navy yard for overhauling preparatory for the trip to Tripoli.

## "THE TRUTH OF THE MATTER"

Those who have heard and listened to the reports, now being circulated, concerning Mr. Frank Joslyn are requested to read carefully the following letters:

September 7th, 1911.  
Mr. Frank Joslyn,  
Ypsilanti, Mich.

Dear Sir—Your letter of Aug. 25th received and carefully noted; and my understanding of the desires of Mrs. Brown are exactly as outlined in your letter; and are exactly what I believed and still believe would be to her best interests to have the small amount of money in hand in such shape that she could not get it direct and use it as the whim might strike her.

On the evening I was there, Mrs. Brown asked me for advice as to best method or manner of handling her business, and I said to her that I thought it would be best to have some one act as trustee for her and in that way, I thought the money could be made to go the farthest.

She apparently considered the advice alright and then I asked if there was anyone in Ypsilanti whom she could trust to do this for her and she said at once that you would do it and asked your wife to telephone to you to come over at once and confer with her, Mr. Charlie Brown and myself regarding same; the balance of the talk was in your presence and I do not need to tell you regarding same.

Of course, Mrs. Brown is a free agent and can withdraw a trusteeship at any time she sees fit but I feel that the money will not last as long in her own hands unless she takes the advice of others frequently as it would under a trusteeship such as you have assumed.

Hoping the above statement is a clear one to you, and with kind regards, I am,  
Yours truly,  
J. B. COOPER.  
Detroit, Mich., Sept. 7, 1911.

Frank Joslyn,  
Ypsilanti, Michigan.

Dear Sir—I am in receipt of your esteemed favor of the 6th, making inquiry as to the manner in which the certificate was first issued on account of the deposit made by Clara J. Brown in our Association. Replying will say, that the original certificate was issued in favor of "Frank Joslyn,

## WILL DISCUSS PURE FOOD

Seth Low Calls Meeting of New Civic Federation Department.

New York, Sept. 11.—A call has been issued by Seth Low, president of the National Civic Federation, for the first meeting of the pure food and drug department of the federation on Wednesday, Sept. 27, in the rooms of the New York board of trade and transportation, 202 Broadway.

The meeting, of which there will probably be two sessions, was called to organize the department and map out the work it proposes to do. Among those in attendance will be representatives of the department of agriculture.

## FORMER YPSI GIRL IS DEAD

MISS LEONE WATERMAN SUC-CUMBS TO LONG ILLNESS IN WESTERN HOME.

A telegram was received by Ypsilanti friends this morning from Colorado Springs announcing the death of Miss Leone Waterman, daughter of Mr. and Mrs. G. E. Waterman, formerly residents of this city. Her death occurred Saturday morning at 10 o'clock and the funeral will be held Wednesday with interment at Colorado Springs.

Miss Waterman left Ypsilanti about three years ago for Las Vegas on account of failing health. She remained in the south for some time and two months ago was taken to Colorado Springs with the hope that the change might be beneficial. She gradually failed, however, and death came Saturday. Miss Waterman, who was prominent socially during her stay in Ypsilanti, was admired for her sweet womanly ways by a large circle of friends. She attended the Ypsilanti high school also the Normal Conservatory and was a member of the Zeta Phi sorority. She studied both vocal and violin music at the Conservatory and at Ann Arbor School of Music. Mr. Waterman conducted for a number of years the photograph gallery now owned by J. S. Miller and owned a home on Hamilton street.

## COULDN'T FIND A 'COP' TO LOOK FOR CONVICT

WANTED—Information as to how a policeman may be found when needed in Ypsilanti.

An answer to an advertisement similar to the above would have been appreciated by M. C. Operator Cummings Sunday as well as by the telephone operator who attempted vainly to locate one of the city guardians when word came that an escaped convict was coming this way and that the train should be stopped here and the man taken into custody.

It was about 4:30 when the wire came to Mr. Cummings at the M. C. office. It directed him to find an officer and flag the freight train which was just leaving Ann Arbor and on which an escaped convict from Jackson was stealing a ride. Mr. Cummings called for assistance from the telephone operators. They in turn started the wires burning in the search. "I called the policemen's houses," said Miss Palmer, the operator who was working on the call, today, "and all the places I could think of around town where a policeman might be, and then decided that they were all at the ball game. I suggested calling a house near the ball grounds then, but there was not time enough left to do any good so our effort was futile."

The man was captured in Wayne and thanks to the efficiency of the police protection in that town, the Ypsilanti custodians who were at the ball game were privileged to watch it through undisturbed by any bothersome duty calls.

Trustee for Clara J. Brown." The corrected, or charged, certificate, as it now reads, is issued direct in favor of "Clara J. Brown."

Trusting this will be satisfactory, I am,  
Yours very truly,  
M. E. GALVIN, Sec'y.

Ypsilanti, Mich., Sept. 9, 1911.

To all whom it may concern:  
The Bank notified Mrs. Clara F. Brown when the Draft for \$3,000.00 came into their hands. Mrs. Brown signed the Draft and gave it to Mr. Joslyn, who deposited the same in this Bank as Trustee for Clara F. Brown. All checks were drawn in the same way. All business Mr. Frank Joslyn has transacted through the Bank for Mrs. Brown has been right and straight.  
Respectfully,  
F. L. GALLUP,  
Assistant Cashier.

## STUDY THE CHILD

SO SAYS DR. McELFRESH IN HIS ADDRESS AT UNION SERVICE SUNDAY EVENING.

PRESENTS NEW METHOD IN GRADING LESSONS TO PARTICULAR NEEDS AND CAPACITIES OF PUPILS AT VARIOUS AGES.

Would Have a Teacher Training Class Every Sunday School Hour to Study Pedagogical Problems.

That the Sunday school of today is not altogether lagging in scientific and thoroughly modern methods of education, was made very clear last evening at the Methodist church in the inspiring address of Dr. McElfresh. The attraction of this field of specific Christian service was commended to the most brilliant and talented young men and women of the community. It might become life's most useful avocation was the speaker's contention.

Doctor McElfresh is an expert in the subject of Teacher training—devoting seven days a week and traveling through every part of the union in promotion of better, more carefully equipped teachers for the Sunday schools.

He explained the new movement of grading the lessons to the particular needs and capacities of children at various ages. When he began this particular work he carried two books which were practically the complete literature of the subject—today he carries with him a trunk of books to the limit of the amount of baggage which the railroad will carry and still has only a fraction of the new literature on the important subject of child study and teacher-training in reference to the religious development of children.

A teacher-training class in every school meeting at the Sunday school hour and studying the pedagogical problems involved and a union teachers' meeting including the teachers of all the schools in a city are the two specific aims which he has in view.

The audience was somewhat small on account of the threatening weather and was altogether disappointing in view of the excellence and helpfulness of the address. The special music of the evening consisted of a duet by Mrs. Crawford and Miss Mabel Gass and a solo by Mrs. Crawford. Rev. C. M. Creighton and Mr. Pettit, son of the Baptist pastor, led the singing of the congregation with cornet and trombone.

## DR. ANGELL HAS STROKE

Ann Arbor, Sept. 11.—Word has been received this morning that Dr. James B. Angell, who for the past few weeks has been traveling in Norway, had been stricken with apoplexy.

CLAUSON DAVIS TO AWAIT TRIAL OCT. 1 ON ASSAULT CHARGE

Ann Arbor, Sept. 11.—Clauson Davis, who is charged with assault with attempt to do great bodily harm to Thomas Ryan of Ypsilanti, August 10, was arraigned this morning and pleaded guilty. He will be brought up for sentence October 1.

W. R. C. SUPPER.  
Supper will be served by the W. R. C. Tuesday from 5 to 7 p. m. at the home of Mrs. John Garty, East Cross Street. Price, 15 cents.

NOTICE.  
The Annual Meeting of the Ypsilanti Industrial Association will be held in the Meeting Hall of the Masonic Temple, Ypsilanti, Mich., on Wednesday, September 13th, 1911, at 7:30 p. m.

All members are urgently requested to attend and bring with them their neighbors and all persons interested in the Industrial and Commercial welfare of Ypsilanti.

YPSILANTI INDUSTRIAL ASSN.  
M. M. Read, President,  
D. L. Quirk, Jr., Secretary.

## NOTICE

To insure absolute order at The Ypsilanti Opera House all persons are hereby notified that anyone guilty of rowdiness or causing a disturbance in any way during any performance will be prosecuted.

A. M. RENNE, Mgr.

They're worth your attention—those Gray Switches at M. & E. Simpson's.

Don't let your appetite be absolutely sure of a meal. Eat a meal. Entirely vegetable. Safe.

## TROOPS REACH TORREON

Sent by Mexican Government to Preserve Order.

Disturbances Expected on National Holiday, Sept. 16, Cause Secretary Knox to Act.

Washington, Sept. 11.—A force of one thousand Mexican troops has been sent to Torreon, Mex., to preserve order. This action was taken at the request of Secretary of State Knox, who made diplomatic representations to the government through Henry Lane Wilson, American ambassador at Mexico City.

Some time ago George C. Carothers, American consular agent there, reported to the department that many foreigners and even Mexicans were leaving that city because of expected disorder on the national holiday celebration, which will take place on Sept. 16.

Secretary Knox directed Charles M. Freeman, American consul at Durango, to proceed to Torreon to investigate conditions there. Mr. Freeman's report resulted in diplomatic representations to the Mexican government. Consul Freeman advised the department yesterday that the troops had arrived there and there will be no trouble as long as they remain.

## Drowns In Attempt To Save Fiancee

Detroit, Sept. 11.—Clarence V. Huettner, 26, 980 Mt. Elliott avenue, a clerk at Grinnell Bros., was drowned Sunday at Windmill point while trying to save Miss Anna Baetz, 1162 Twenty-fifth street, his fiancee. Huettner was successful in holding up his sweetheart until help came, but then sank himself.

The tragedy occurred off the Baetz cottage at the point. Miss Baetz, her brother John and Huettner were in swimming, while another friend, William Schmuhl, was paddling about in a canoe.

Miss Baetz got out too far and was caught by the current which swept around the point into the head of Detroit river. She screamed for help and John Baetz and Huettner both started to her assistance. Baetz reached her first and she clutched him around the neck and choked him so that he finally had to throw her off. Huettner had reached the scene by this time and supported the girl until Schmuhl arrived in the canoe and took the semi-conscious girl into it. They turned to look for Huettner, but he had disappeared. The body was recovered in 25 feet of water.

Miss Baetz was taken to her home in a state of collapse. She was to have been married to Huettner within a few months.

ORGANIZATION FOR COMING YEAR UNDER WAY AT YPSILANTI HIGH SCHOOL

This evening the board of editors for the Ypsi-Sem will meet after school to consider plans for the year.

Tuesday afternoon the athletic association will hold its first meeting directly after school.

Miss Grace Giberson will meet with the orchestra and glee clubs next week for taking up the work of these organizations for the year.

## SCOUTS HONORED

RECEIVE INVITATION TO ACT AS BODY GUARD FOR PRES. TAFT AT FAIR.

MATTER IS BEING CONSIDERED BY LOCAL SCOUT MASTERS—DEFINITE ANSWER WILL BE GIVEN WITHIN FEW DAYS.

Many Obstacles to be Overcome if Trip is Made a Complete Success—Boys are Anxious.

Fortunate among Boy Scouts are the Boy Scouts in Ypsilanti, to whom some pleasant experience seems continually to come. The latest is an invitation to act as escort and possibly body-guard to President Taft when he visits the state fair at Detroit next week. When Mr. Foster of Detroit, who is a scout commissioner and is also the secretary of the Detroit Y. M. C. A., first sent out this invitation to the Ypsilanti Scouts, it was declined. But at once Mr. Foster wrote again, urging upon the Ypsilanti men quite insistently that they meet if possible the obstacles in the way of accepting the invitation to join with the Detroit Scouts on this occasion.

Accordingly the men in Ypsilanti who have scout matters in control, are carefully considering the matter. It is realized that not to many boys or men does such an opportunity as this come, and it is extremely unlikely that ever again will the chance be given any of these boys to act as escort to a president. While it would be easily possible for a small group of the boys to pay their own fare and go, it is felt by those in control that there ought to be a full representation of the scouts and that carfare and one meal at least should be provided for by an arrangement which would cover all.

Developments are expected within a day or two and announcement as to what these are will be made as soon as possible. In the meantime it will occur to all that to be a Boy Scout in Ypsilanti involves a delightful chain of experiences and the boys are anxiously waiting for the decision of their council.

## SAVE DANIEL WEBSTER HOME

Illinois Society Granted a Charter with that Purpose in View.

Springfield, Ill., Sept. 11.—A society having for its object the preservation of the birthplace of Daniel Webster at Salisbury, N. H., was granted a charter by Secretary of State Rose. The society is to be known as the Daniel Webster Birthplace association.

The principal office is in Chicago, and the incorporators are Arthur C. Jackson, C. E. Bryan and George T. Glover. Daniel Webster was born in Salisbury on Jan. 18, 1782, and died in Marshfield, Mass., Oct. 24, 1852.

## SHOW MUCH APPRECIATED

FIRST OF THE SEASON IS ENJOYED BY GOOD CROWD—ANOTHER TONIGHT.

The first production of material merit that has been presented in Ypsilanti for some time was "The Lion and the Mouse," Saturday evening. The company was a good one and their efforts were obviously appreciated by a good house of people.

This is Manager Renne's first attempt at good shows in Ypsilanti and he states that it is his aim to afford Ypsilanti residents the best entertainments so long as he receives the necessary support. Another good production is billed for this evening and of these first efforts prove successful, further bookings will be made for shows that are good enough to please the many who are in the habit of going to Detroit.

## ATTY. JOSLYN TELLS HIS SIDE OF MONEY TROUBLE

In another column in this paper appears an article from Frank Joslyn concerning the Brown money matter, the story of which has gained considerable circulation during the past few days. Rumors were started that the money was misappropriated by Mr. Joslyn who was acting as attorney for Mrs. Brown and the letters published today are in way of evidence from various sources to establish the correct view of Mr. Joslyn's position in the transactions.

## AMERICAN HEIRESS TO MILLIONS WHO REFUSED TITLE TO WED YOUNG AMERICAN SUITOR

Geneva, Switzerland, Sept. 11.—The announcement of the wedding of Dorothy Whitney of New York and Willard D. Straight, former United States consul at Mukden, has caused considerable surprise among members of society in Europe as well as in New York. Miss Whitney, daughter of the last William C. Whitney, the New York multimillionaire, is an heiress to many millions, and her hand has been repeatedly sought by foreign noblemen who thirsted for American dollars. Straight, who is a Cornell graduate, is not very wealthy. The wedding was set for Sept. 7 at Caux-sur-Montreux.

## EMPLOYEES STAND FOR RECOGNITION

Advisory Board Winds up San Francisco Conference.

## LEADERS LEAVE FOR HOMES

Though Hoping for Peace They Are Ready to Issue Strike Order if Such Course Seems Necessary on Harriman Lines.

San Francisco, Sept. 11.—With final determination to insist upon the railroad recognition of the federation of shop employees of the Harriman system, the advisory board of the shop men wound up its conference in this city after sanctioning in advance any order that may be issued by the heads of the five international unions involved in the controversy.

J. W. Kline, head of the international blacksmiths; J. A. Franklin, of the boiler-makers; J. Buckalew, of the machinists; J. D. Crane, of the sheet metal workers; and M. F. Ryan, of the carmen, left here for their homes, after declaring that the shop men's answer to the railroads' refusal to recognize the federation, will be issued within the next fortnight from Chicago.

"And we don't leave San Francisco with the idea that peace in this matter is impossible," said Mr. Kline, spokesman for the party.

"We hope for peace; we will make another effort, perhaps, to win the Harriman system to our way of thinking. The shop men have already voted to walk out unless their federation is recognized."

## NO ILLINOIS CENTRAL STRIKE

Executive Board Refuses to Sanction Walkout of Machinists.

Chicago, Sept. 11.—The executive board of the International Association of Machinists, in session in the Briggs house, refused to sanction a strike of the men on the Illinois Central railroad.

The action of the machinists, it was said, has effectively ended the strike agitation, unless the men take matters into their own hands and walk out, which was said to be improbable.

## ANNOUNCEMENTS FROM THE PULPITS SUNDAY

Missionary Sunday will be observed on Sept. 17 at the German Lutheran church. Ministers will be here from Detroit and other places. The service in the morning will be in German and in English at night.

The Ypsilanti Home Association will meet Tuesday afternoon at three o'clock with Miss Alice Gilbert, 227 Grove St.

The Sunday school board of the Methodist church will be entertained on Tuesday evening at the home of A. A. Parsons on Oakwood.

On Saturday, September 16, the Congregational church and Sunday school will hold their annual fall picnic at Recreation park. All will meet at noon for a picnic dinner, and the afternoon will be given over to a baseball game, sports and contests. Each person is requested to bring a plate, a cup and a spoon and enough sandwiches for himself and then each person, or family, as the case may be, is asked to bring some one other thing for the general table from which all will be served.

Wednesday evening under the general topic of "Some great passages in the Bible," the first chapter of Genesis will be considered at the Congregational mid-week service.

The Presbyterian Ladies' Aid society will meet Thursday with Mrs. DeForrest Ross.

The Congregational Ladies' Aid society will meet at the home of Mrs. A. G. Beach at three o'clock on Thursday.

The B. Y. P. U. will hold a business and social meeting on Tuesday evening with Phelps Crouse, 518 Ellis St. Rev. Marshall H. Pettit's class of young men will meet at his home on Thursday evening of this week.

The Home Missionary society of the M. E. church will meet Thursday afternoon with Mrs. Phoebe Stark, Summit street.

A splendid line of Gray Switches at M. & E. Simpson's.

Be sure and have the Daily Press sent to you while you are away on

## A SUGGESTION FOR WASHTENAW FARMERS.

Hoard's Dairyman recently contained an editorial suggestion for the farmers of Washtenaw county. The suggestion is equally applicable to a much larger area in Michigan, in fact to any farmer who may have a deposit of marl on his farm. Many of the swampy places in Washtenaw and Jackson and Livingston and other counties containing small lakes are found to contain also considerable deposits of marl. Where these deposits have been found sufficiently large to justify it, a million-dollar cement plant has been organized and the marl made into cement.

The editorial referred to in Hoard's Dairyman is entitled "The Importance of Applying Marl or Ground Limestone to Our Land." After citing the presence of these marl beds in Wisconsin, this editorial has this to say: "This marl is composed of carbonate of lime, in some instances running as high as 96 to 98 per cent pure. The Farmers' Advocate of Canada contains an interesting account of the operation of the farmers living in the new Richmond district who use large quantities of mud taken from the shores of a neighboring lake on their land. This mud is hauled in winter, being taken out through the ice and as much as 300 loads are used on some farms. About 75 bushels are scattered to the acre and splendid crops of hay, grain, potatoes, and roots are grown."

An analysis of this mud by the Dominion Experiment Farms shows that it is really marl of a very fine quality, containing 80 to 100 per cent of carbonate of lime. The Farmers' Advocate says of it: "Marl is an extremely valuable form in which to apply lime, as excess thereof does no injury to the soil and in this respect it is unlike brick or caustic lime. Of course it cannot in any sense be regarded as a substitute for barnyard manure, nor can it be used in the place of commercial fertilizer, the functions of which are to furnish nitrogen, phosphoric acid and potash. It is to be considered as a useful amendment, rather than as a fertilizer. Improving the tilth, neutralizing acidity and promoting nitrification are among its chief functions, although it has a distinct value as a supplier of lime, an element necessary to plant growth for solids deficient in that constituent. It can be used on all classes of soil, but its best results are more commonly obtained from heavy clays and peaty loam."

Hoard's Dairyman says further regarding these deposits in Wisconsin: "Wisconsin capital ought to be enlisted at once in the opening of some of the best of our marl beds and the installation of the proper machinery for its preparation for the soil. It must be steam-dried and finely ground. Then it is ready for application. It is particularly valuable in its effect on clover and alfalfa. One crop of the latter is often more than sufficient in its increase to pay for the cost of applying a ton or more per acre. We earnestly urge that the readers of Hoard's Dairyman look into this matter, applying either marl or ground limestone to their land. They are anxious to secure better success with clover and alfalfa, and the key to that result is in most instances to sweeten the soil by the application of marl or ground limestone. It is dangerous to apply quick lime, for that will do more damage than good."

We had occasion to examine into a marl plant in the state of New York at one time and found it to be a comparatively inexpensive plant to establish and one which ran the year around and one of the large fertilizer companies took its entire product at about three dollars a ton. Farmers pay for that same stuff about \$25 to \$30 a ton when it gets into the commercial fertilizer usually found on the markets. The commercial fertilizer manufacturer of course buys this stuff at about three dollars a ton, when he buys the tankage from such factories as handle garbage like the one at French Landing in Wayne county at five or six dollars a ton, and similar other products besides ground phosphate rock, which costs about five or six dollars laid down here.

Of course the profit on all of this stuff at \$25 or \$30 is attractive to the commercial fertilizer manufacturer. The obvious moral is for the farmer to buy his own necessary fertilizing ingredients and mix them himself. He then knows what he is buying and, if he is careful in mixing, he probably will get very much larger returns for the money invested. While digging this marl and drawing it out, it doesn't put it out in so good a form for fertilizing purposes, yet any farmer having a patch upon his land can avail himself of this as a fertilizer.

But we doubt not that in the not distant future there will be probably in Washtenaw county a commercial

lime manufacturing plant and sooner or later probably one which will redeem the fertilizing value from the large deposits of peat in Washtenaw and adjoining counties.

Our state agricultural college is now at work endeavoring to secure definite information upon the composition of the organic matter of peat soil. Two individual compounds present in considerable quantities have already been isolated, and it is proposed to continue the study of the composition of the organic matter of soils in respect to nitrogenous substances and to supplement the laboratory work with plot experiments conducted in the open fields and later extended to larger plots, finally to be adopted as general farm practice. So some of the so called "cat holes" in Washtenaw and adjoining counties may prove to be the most valuable acres on the farm.

The farmer jury which so promptly brought in a verdict of "Guilty" against Henry Clay Beattie, Jr., reflected credit upon themselves and their class—the criticism of the condemned man, "If it had been a city jury it would have been different," to the contrary notwithstanding. And this reference to the character of a city jury is not commendable to them. It amounts to an assertion that it is necessary to get a jury familiar by experience with the underworld, or tenderloin district, of a great city, in order to clear a man who has been corrupted by familiarizing with this same substratum of civilization.

Several suggestions stand out prominently from this trial. The suggestion comes that it is a handicap oftentimes to be reared in an atmosphere of affluence. Parental overindulgence is probably responsible for a large part of this tobogganing of a young man to the bottom of the pit at so early an age. This overindulgence permitted him to become corrupted—invited him to become corrupted—and cut in twain the tie of domestic fidelity.

The suggestion comes that "Blessed be nothing" seems true, in contrast to what the possession of riches has produced. The suggestion that those of means insist on the same line of wholesome development for their children, including industry, economy and self-reliance, which make up the formula for successful growth in those not aided by large riches.

It suggests that any worthy young woman will do well to examine carefully into the character and habits and environment and pedigree of any man who offers to marry her and who is possessed of large means, or who inherits it.

There is the suggestion and promise, flattery may be the first steps to the electrocution chair, and there is the suggestion that a familiarity early in life with the Ten Commandments is a necessary part of the equipment of a successful business man.

## NEWS BRIEFS

## NATIONAL

PARK CITY, Utah—It is expected that the new municipal water system will be in full operation not later than October of this year. For 30 years the city has paid a private corporation about \$5,000 per year for water. When they awakened to the idea of municipal ownership, a special election was held at which an overwhelming majority voted to bond the city for \$50,000 with which to install the new system.

SAVANNAH, Ga.—Everything is in readiness for the establishment of a weather kiosk here. It will be one of the very few in the United States. The structure consists of an ornamental iron kiosk, having four recessed panels with sliding glass fronts, within which provision is made for the exhibition of various maps, charts, daily weather forecasts and other meteorological information of value and interest.

STUEBENVILLE, Ohio—Prominent men all over the country met here to participate in the exercises accompanying the unveiling of a statue of Edwin M. Stanton, secretary of war under President Lincoln. It is of heroic size, and the work of the New York sculptor, Alexander Doyle, and it stands on the steps of the Jefferson county court house.

ALBANY, N. Y.—The state conservation commission has arranged for an exhibit of game birds from the state bird farm, at the state fair, at Syracuse this year. It will show the method of rearing the birds. English, Mongolian and Hungarian dark necked pheasants of various ages will be shown, as well as Hungarian partridges and other game birds.

MINOT, N. D.—One single seed of flax sown on a farm north of Minot June 10 this year has produced 1000 seeds.

## FOUR DIE IN EXPLOSION

Dynamite Causes Tragedy in a Stone Quarry.

Chicago, Sept. 11.—Four men were killed and two were seriously injured by a dynamite explosion in the stone quarry of the Elmhurst-Chicago company, fifteen miles west of here. The dead are: Matthew Surgo, Tony Burnett, Frank Delmont and John Bernio.

Frank Youngblood and M. O. Burnett, both badly injured it is said, will be blind even if death does not result from their injuries.

## OF INTEREST TO WOMEN

## FASHION HINTS FOR PRETTY GOWNS AND SKIRT LINES FOR WINTER SEASON--PLAIDS GOOD FOR COATS AND BLOUSES

New York, Sept. 8.—Enough advance models are here to show the trend of coming fashions, and lend "first aid" to mothers and others interested in new Fall get-ups, or the refurbishing of last year's gowns.

Skirt Lines. Skirts remain scant but are of comfortable width for walking, and the hanging panel that masked their plainness during the summer is succeeded by various devices in sash effect on

able and surah silks are all liked as well as satins and printed styles.

Plaids for Coats and Blouses. Some very smart utility blouses and top coats are shown in striking plaids. Woolen fringes to match are new with these and a touch of velvet, or satin in the trimmings or buttons brings out the color scheme.

## Raven Blue.

Raven blue, that is very dark and rich looking, is a relief after all the insistent blues of the past season. Grays in many shades to dark gun metal tints are to be much worn, and black and bronze brown remain favorites. Striking contrasts in color in linings continues, though this idea has been terribly overdone.

## Bizarre Beadings.

The same vogue remains for beaded effects in Byzantine and Oriental colorings and patterns, while the French knotted embroideries, that closely imitate beads, have lost none of their prestige. A dress of black crepe meteor has the narrow skirt slashed to show unexpected bits of drapery at the hips, and is finished with two very wide folds at the knee. The blouse is a modified kimono with rather long armhole from which come two square sleeves in dark and light tones of raspberry chiffon cloth. Breteilles over the shoulder are of pinkish red beads set closely like an Indian headband. A strip of the same concealed somewhat by the draperies goes down one side of the front of the skirt. The sash ends at the side are finished with two long tassels of the pink beads.

LUCY CARTER.

Post for Dr. David Jayne Hill. Ithaca, N. Y., Sept. 11.—That the post of head of the department of politics and economics at Cornell university has been offered by Dr. David Jayne Hill, who recently resigned as ambassador to Germany, is the well grounded report in Cornell university circles. President Schurman would not make confirmation.

## Hitches His Wife to a Plow.

Lisbon, O., Sept. 11.—Arraigned in probate court on a charge of hitching his wife to a plow and beating her because she failed to pull it, Jacob Zimmerman of near Wellsville, pleaded guilty and sought the mercy of the court. He was sentenced to ninety days in the workhouse.

## Clean Up Your Stomach

And Gas, Sourness, Dizziness, Headaches and Bad Dreams Will Go.

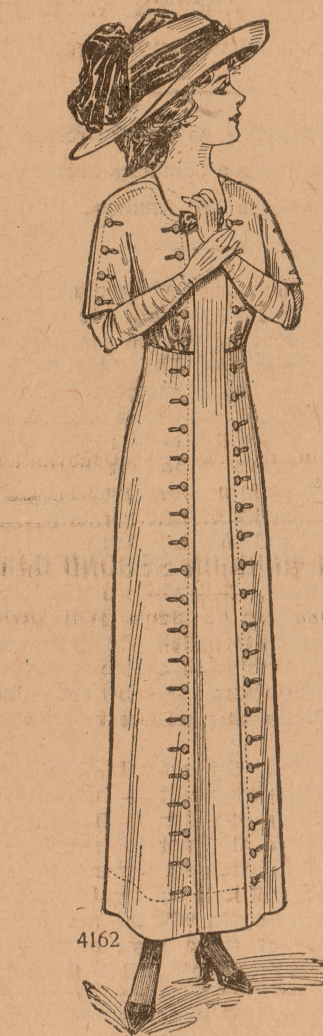

If you really want a clean, sweet, pure stomach, free from gas, sourness and distress, go to Duane Spalsbury today and get a 50-cent box of MI-O-NA Stomach Tablets.

Take three little tablets according to directions, and if at the end of a week you are not brighter, stronger and more vigorous, just say so and get your money back.

For heaviness after eating, eructation, heartburn and that distressed feeling, MI-O-NA Stomach Tablets will give relief in five minutes.

Large box of MI-O-NA STOMACH TABLETS, 50 cents at Duane Spalsbury's and druggists everywhere.

The Daily Press Profitbringers are sure to bring results.

The above design is by The McCall Company, New York, Designers and Makers of McCall Patterns.

the thinner goods, and by bias folds in tucked styles, that break up the skirt in various smart ways and that transform the extremely attenuated lines of last season into styles much more becoming. Soft droopy frills trim many fussy frocks for dress wear, and the waists of these are apt to have crossover breteilles or fichu draperies edged with the same floppy ruffles.

## A Pretty Gown.

A pretty gown that is going into the trunk of the college girl is of white voile, the gathered skirt trimmed with three five inch ruffles of rose printed silk, put on about three inches apart. A little silk coat of the same forms the bodice. This has a wide collar edged with ruffles and a chamoisette of white dotted net. Knife pleated ruffles of the silk and net finish the sleeve at the elbow. The sleeve is not kimono, but is set in to the armhole in the old time way though the wide collar conceals this pretty thoroughly.

## Useful Silk Coats.

The little freakish silk coats that have been mentioned several times recently promise to be a very popular feature of Fall and Winter modes. They will replace blouses in many tailored suits, and the drop below the waist may be anything from a three inch knife pleating to long sash ends. With cloth tailormades the finish is apt to be in keeping, but for dress wear these coats may be fancy as desired. They will lend a smart air to a demure dress, or refurbish most satisfactorily. Brocaded and change-

SCENE FROM "THE CAT AND THE FIDDLE" AT YPSILANTI OPERA HOUSE TONIGHT

## WILLIS

Died at Age of 19. Willis, Sept. 11.—The death of Dora Thorn occurred at the home of her parents, Mr. and Mrs. Walter Thorn, south of Willis, Sept. 5, 1911, at the age of 19 years. She was clerking in a store at Belleville where she was taken with typhoid pneumonia from which she never recovered. The news of her death came as a shock to all who knew her. She is survived by her parents, three sisters, and two brothers. The funeral was held Thursday at 2 o'clock at the M. E. church and the interment was at Udell cemetery. 'Tis hard to break the tender cord When love has bound the heart.

## Infant Dead.

Donald Burton, the infant son of Mr. and Mrs. Albert McCarty, died Sept. 6, 1911. The funeral was held from the house Friday at 1:30.

Mrs. George Russell and daughter, Grace, returned from Johnstown, N. Y., Thursday, where they have been visiting for the past two months.

Mrs. George Graham has a sister visiting her.

Miss Emma Lambie is visiting relatives in Ypsilanti.

Mr. and Mrs. Ed. Dexter are the proud parents of a baby girl.

## AFTER 7 YEARS SUFFERING

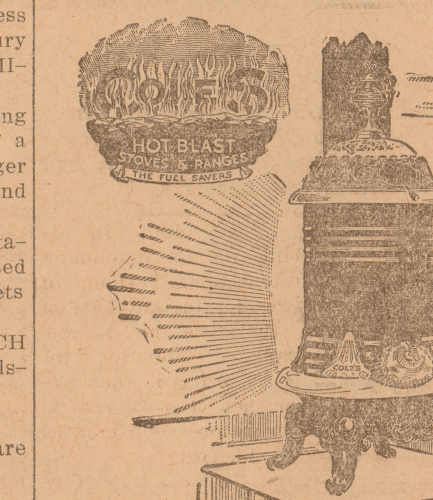

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waukegan, Ill.—"I had female troubles for seven years. Was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and in a short time I had gained my average weight and am now strong and well." —Mrs. SALLIE STEVENS, R. F. D., No. 3, Box 31, Waukegan, Ill.

Another Grateful Woman. Huntington, Mass.—"I was in a nervous, run down condition and for three years could find no help."

"I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life."

"My doctor knows what helped me and does not say one word against it." —Mrs. MARI JANETTE BATES, Box 134, Huntington, Mass. "Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periods, pains, backache, that bearing-down feeling, and nervous prostration."

## The Fuel Supply Needs Attention Only Three Times Each Day

The makers of Cole's Hot Blast Heater guarantee this stove to hold fire with soft coal 36 hours without attention. Your old stove and imitation stoves leak air and waste fuel because they are not air-tight, because they have putty joints.

## Cole's Original Hot Blast Heater

—by means of the patented Hot Blast Draft and other patented features which make it tight, doing away with the use of stove putty—requires less attention than any other heater made.

All fuel—Soft Coal, Hard Coal, Lignite, Wood or Corn Cobs—contains a large amount of gas. Fully one-half of the heating power (carbon) in soft coal is gas. This is the part of the fuel this wonderful heater saves, by burning it with the Top Hot Blast Draft. This makes Cole's Hot Blast Heater the most satisfactory, the most economical, the most convenient heater you can buy. Imitations and other styles of stoves allow this gas-half of the coal to pass up the chimney with the smoke, unburned.

Thousands of these stoves are in use and the sale continues to increase year after year.

This heater will give you more comfort than you ever thought possible by using any kind of a stove which uses soft coal for fuel.

Right now is the time to decide and select the size you should have. Come in and see complete line of styles and sizes.

Price \$12.00 and upwards—According to Size and Finish

## OBJECT TO BOY SCOUTS

St. Louis Unionists Seek to Mar Har-  
mony of Taft's Visit.

St. Louis, Sept. 11.—The St. Louis  
Central Trades and Labor Union  
adopted resolutions requesting the  
musicians to refuse to allow its mem-  
bers to play in any parade in honor  
of President Taft's visit here this fall  
if the boy scouts are allowed to par-  
ticipate in the parade. C. Q. Blanke,  
chairman of the Taft committee, said:  
"The committee had received a re-  
quest from the scout's commander,  
asking that the boy scouts be assigned  
the honor of escorting President Taft,  
and members of the committee seemed  
to favor the proposition, but if opposi-  
tion has developed the idea will prob-  
ably be dropped."

The objection to the boy scouts is  
that workmen believe they are be-  
ing trained for future militiamen to  
shoot down strikers.

## OLD-TIME REMEDY DARKENS THE HAIR

GIVES COLOR, LUSTRE TO FADED  
AND GRAY HAIR—DANDRUFF  
QUICKLY REMOVED.

From time immemorial, sage and  
sulphur have been used for the hair  
and scalp. Almost everyone knows of  
the value of such a combination for  
darkening the hair, for curing dan-  
druff and falling hair, and for making  
the hair grow.

In olden times the only way to get  
a hair tonic of this sort was to brew  
it in the home fireplace, a method  
which was troublesome and not al-  
ways satisfactory. Nowadays almost  
every up-to-date druggist can supply  
his patrons with a ready-to-use prod-  
uct, skillfully compounded in per-  
fectly equipped laboratories. The  
Wyeth Chemical Company of New  
York put up an ideal remedy of this  
sort, called Wyeth's Sage and Sulphur  
Hair Remedy, and authorize druggists  
to sell it under guarantee that the  
money will be refunded if it fails to  
do exactly as represented.

If you have dandruff, or if your hair  
is turning gray or coming out, don't  
delay, but get a bottle of this remedy  
to-day, and see what a few days' treat-  
ment will do for you.

This preparation is offered to the  
public at fifty cents a bottle, and is  
recommended and sold by all drug-  
gists. Special agent, Weinmann-Mat-  
thews Co.

State of Ohio, City of Toledo, Lucas  
County, ss.

Frank J. Cheney makes oath that  
he is senior partner of the firm of F.  
J. Cheney & Co., doing business in

## BEGIN WORK ON SECOND DAM

First One on Au Sable Will Start  
About Jan. 1.

Bay City, Mich., Sept. 11.—The  
Coke Development company, which  
is developing the water power of the  
Au Sable river, will begin work on the  
second dam, ten miles up the river  
from Cooke's landing, where the first  
dam is nearing completion.

The dam at Cooke's landing will  
have its headquarters almost at the  
tail of the second dam, raising a forty-  
foot head and overflowing thousands  
of acres. A lake 8,000 acres in  
extent will be formed above the first  
dam and the second dam will form  
one nearly as large. The dam now  
nearing completion will turn its wa-  
ter power into electricity Jan. 1.

## BOY SHOT BY BROTHER

Peculiar Circumstances Attend Prob-  
ably Fatal Shooting at Otsego.

Otsego, Mich., Sept. 11.—William Al-  
len, sixteen years old, was shot and  
probably fatally wounded by his  
brother Charles, aged twenty-six.  
Whether the shooting was intentional  
officers have not been able to deter-  
mine, but the elder boy has been taken  
in charge by Marshal Wilson and will  
be held pending an investigation.

The little boy was shot in the back  
and while the physicians were prob-  
ing for the bullet, he coughed it up.  
The bullet hit him under the right  
shoulder blade and entered the right  
lung. For a time he was unconscious,  
but revived later.

## BANKS CLOSED: SEEK OWNER

Warrants Out for George Sweet of  
Munith and Whitmore.

Jackson, Mich., Sept. 11.—Warrants  
have been sworn out for the arrest of  
George Sweet, former proprietor of  
private banks at Munith and Whit-  
more Lake village, and his cashier,  
Harry Mullen.

Both banks are closed, and officers  
are searching for the two men. The  
deposits in the banks are estimated at  
\$25,000. Sweet is the son of a Detroit  
minister.

## Celebrate Golden Wedding.

Owosso, Mich., Sept. 11.—With a  
large number of relatives and friends  
in attendance, Mr. and Mrs. William  
Broad celebrated their golden wed-  
ding anniversary. In 1861, while a  
shoemaker in Lowell, Mass., Mr.  
Broad considered it a good day's work  
to make three pairs of shoes. The  
price one pair would bring was 69  
cents, less than enough then to buy a  
yard of cotton factory, which now re-  
tails for about 8 cents a yard.

## Boy Loses Both Hands.

Vassar, Mich., Sept. 11.—Raphael  
Phillips, sixteen years old, of Wisner  
township, lost both hands by the ac-  
cidental discharge of a shotgun. While  
hunting he rested the gun on a board  
and both hands on the muzzle. Both  
barrels were discharged in some man-  
ner and the hands so mangled that  
amputation at the wrists was found  
necessary.

## Burned in Peculiar Accident.

Jackson, Mich., Sept. 11.—Albert  
Chambers, an employee of the Temple  
garage in this city, was badly burned  
while working under an automobile.  
The bulb of an electric light which he  
was holding broke and set fire to some  
gasoline which had dripped from the  
machine. He was seriously burned  
about the head and face, but will re-  
cover.

## Passenger Punched Conductor.

Grand Rapids, Mich., Sept. 11.—Wil-  
liam C. Elke, a street car conductor,  
refused to issue a transfer when an  
irate passenger demanded it and was  
knocked unconscious while running a  
wealthy Taylor line car. When he  
came to he said his assailant had  
never paid the original fare. A war-  
rant for "John Doe" was issued.

## ENGLISH OPPOSE BIG FIGHT.

Think Johnson-Wells Bout a Slaughter  
and May Call It Off.

Opposition to the proposed "fight"  
between Jack Johnson and England's  
alleged champion, Bombardier Wells,  
is increasing to such a degree that the  
promoters may decide to declare it off.  
English sporting critics say that Wells  
hasn't had sufficient ring experience to  
tackle the grinning negro, who stands  
to draw down a small fortune for his  
end of this affair.

In pointing out reasons why Wells  
cannot hope to make a respectable  
showing if Johnson tries, attention is  
called to the interesting fact that Ed-  
die McGorty of Oshkosh, Wis., a  
middleweight, outpointed Petty Officer  
Curran in a twenty round bout in  
Dublin. Then Curran knocked out the  
much abused Gunner Moir in two  
rounds, and, sad to relate, Moir put  
Wells to sleep in three rounds. On  
that sort of pugilistic dope it's no  
wonder that Englishmen do not relish  
the Johnson-Wells match, so called.

## SHERIDAN TRAINING HARD.

Great Athlete Trying to Rid Himself of  
Some Extra Weight.

For the first time since he last work-  
ed to fit himself for the all round  
championships Martin Sheridan, who  
is rated as the greatest athlete in the  
world, is down to real hard training.  
Sheridan has taken up his abode at  
Celtic park, New York, and is working  
faithfully to get rid of some of the  
extra weight that he has accumulated  
during the past twelve months. In  
less than two weeks' time Martin has  
shaken off twelve pounds, and, being  
full of enthusiasm, it is more than  
likely that he will easily get down to  
a weight that will enable him to be  
spry in the discus circles once more.

## BASEBALL POINTERS

Umpire Johnstone says that in the  
last nine years he has seen only three  
games in which but one ball was used.  
Experts declare that Barry of the  
Athletics gets in front of batted balls  
better than any other shortstop. Not  
only does he get in front of them, but  
he gets them.

Titus, Philly outfielder, wears a  
toothpick in his mouth when at bat,  
and Umpire Johnstone declares if a  
ball ever hits the ornament he will call  
a foul strike on the sorrel top.

Frank Bowerman, the veteran catcher,  
says Larry Cheney, Louisville  
pitcher, is the best spitball pitcher in  
the game. Bowerman has caught many  
spitball pitchers. He caught Cheney  
when both were with Indianapolis last  
season.

George Jackson, the new outfielder  
of the Boston Rustlers, who has been  
making things hum since breaking in,  
the majors, is no relation to Joe Jack-  
son, save that both belong to the brother-  
hood of swat.

Nick Maddox has been pitching so  
well for the Kansas City club that the  
Pirates, who have an option on him,  
will submit him to the recall. Maddox  
pitched three two hit games in suc-  
cession and in the Missouri valley is re-  
garded as a greater twirler than  
O'Toole.

## Gave Booze to Boys, 'Tis Alleged.

Owosso, Mich., Sept. 11.—Patsy  
Cavanaugh, a stone mason who holds  
the local record for the number of  
arrests for drunkenness, is in jail  
awaiting examination on the charge  
of furnishing liquor from a bottle to  
four young men.

A policeman says he caught  
Cavanaugh treating the lads.

## Wheat Crop 14,144,000 Bushels.

Lansing, Mich., Sept. 11.—An early  
estimate made from figures obtained at  
the office of the secretary of state,  
gives the crop of wheat in this state  
as 14,144,000 bushels on 832,000 acres  
and 4,500,000 bushels of oats on 1,  
650,000 acres. A more complete esti-  
mate will be made in the October re-  
port.

## Jumps from Car and Is Killed.

Pontiac, Mich., Sept. 11.—Herbert  
Lowe of Northville, motorman on a  
northbound Northwestern car, was  
killed at the David Dickie farm, just  
south of Orchard Lake, when his car  
struck a farm wagon driven by John  
Deconick, son of Ed. Deconick, a well-  
known farmer residing near there.

## Two Charged with Horse Stealing.

Port Huron, Mich., Sept. 11.—Tyn-  
slo Deborbins and Louis Earnie, who  
claim to be Detroit Italians, were ar-  
rested at Mt. Clemens and brought to  
this city. They are charged with  
stealing two horses belonging to Frank  
Gill, which were recovered at the same  
time the Italians were arrested.

## Searchlights Prove of Value.

The high power electric search-  
lights with which vessels are equip-  
ped on the Great Lakes prove most  
useful in the early spring nights  
when the water is covered with a  
partially broken ice field. By means  
of the light openings are located,  
thus often saving many hours.

## Married in Evening of Life.

Mr. James Thomas Wells, aged 73  
was married at St. John's church,  
Ealing, England, the other day to  
Mrs. Emma Coster, aged 71. The  
couple were sweethearts in their  
youth, but their engagement was  
broken off. Each married and  
brought up a large family. They met  
again some time ago, and, both being  
free, decided to marry.

## Society News

Calendar for Tuesday, Sept. 12, 1911  
Ypsilanti Home Association, 3 p. m., Miss Alice Gilbert, 227 Grove St.  
B. Y. P. U. business and social meeting, 7:30 p. m., Phelps Crouse, 518 Ellis street.  
Sunday school board of Methodist church, 7 p. m., A. A. Parsons, 91 Oakwood.  
Ypsilanti high school athletic association, 3:30 p. m., Principal Quillin's room.  
Degree of Honor Pot-luck supper, Mrs. A. B. Scott, 204 Hamilton St. N.  
Willis W. C. T. U., Mrs. Bert Lord, Mothers' meeting.

### Delegates Appointed.

The Do What You Can Circle of the King's Daughters met Saturday with Mrs. William Jellis on Prospect St. The meeting was devoted to work. The October meeting will be held with Mrs. Tuttle. The Misses Austin and Crane were appointed delegates to the annual meeting of the Michigan branch of the King's Daughters to be held in Detroit October 4, 5 and 6.

Rural Calendar for Wed., Sept. 13.  
Ladies' Quartet of the Cleveland Bible institute and church by Rev. Edgar Wollam, Friends' address.  
Washtenaw Arbor of Gleaners, 8 p. m., Superior Town Hall.  
Ice cream social, by Presbyterian church of Stony Creek, John K. Campbell.

### Give Penny Social.

The Junior League of the Methodist church will give a Penny Social, Friday evening, Sept. 15, at 5 o'clock in the church parlors.

Mr. and Mrs. Stewart Meisner of Detroit spent Sunday with Ypsilanti friends.

Mr. and Mrs. Martin Sieber of Detroit spent Sunday in the city with friends.

Mr. and Mrs. M. E. Griswold left this morning for Lansing where they will spend a few days with friends. They made the trip in their auto.

Mr. and Mrs. Harry Ostrander and family of Detroit spent Sunday with Ypsilanti friends. They came to Ypsilanti to attend "The Lion and the Mouse" in which company they have relatives.

C. W. Gill and family of Ann Arbor spent Sunday with George Gill.  
Miss Kathryn Meyer spent Saturday in Detroit with friends.

Mr. and Mrs. Robert Morris and daughter of Detroit spent Sunday in the city guests of Mr. and Mrs. Geo. Lockwood.

Born, Saturday, Sept. 9, to Prof. and Mrs. S. D. Magers, at the Homeopathic Hospital, a nine-pound daughter. Her name is Marian Bessie Magers.

Mr. and Mrs. C. H. Crane spent Sunday in Detroit with friends.

Mr. and Mrs. W. F. Waldner and Mrs. John Waldner motored to Detroit Sunday.

Mr. and Mrs. J. W. Griswold spent Sunday in the city, guests of Bert Snidecor and family. Mr. Griswold left this morning for Leeds, N. Dak., to take charge of a jewelry business after having spent the last few months in school at Elgin, Ill. He will be remembered as a former foreman of the Glasson farm.

Miss Margaret Hayden and Wallace Hayden spent Sunday with their

uncle, Edwin Krapf, who is ill at Gowan Sanitarium in Detroit.

Miss Antonette Willey of Summit street has returned home after spending the past two months in Southwest Michigan.

Mr. and Mrs. Leon Keusch spent Sunday with friends in Jackson.

Mr. and Mrs. Wm. Seckinger spent Sunday with friends at Bridgewater.

Mr. and Mrs. William Towler spent Sunday in the city guests of Mr. and Mrs. C. S. Maddux.

Born, this morning, to Mr. and Mrs. George B. Rathfon of Pittsfield, a son, Frederic Knight Rathfon.

Dr. F. J. Mellencamp of Ann Arbor visited his brother, E. A. Mellencamp, Saturday.

Mrs. J. Don Lawrence and son Junior are visiting relatives at Clio for a short time.

Thomas Leth of Adrian spent Sunday with Ypsilanti friends. Mr. Leth was formerly a prominent athlete at the Normal College.

F. H. Nissly has recently sold his home on North Adams street to Mrs. Miller and bought the Mrs. John Guise home on South Adams street.

Miss Alice McKay and Miss Emma Barnes spent Sunday with Rev. and Mrs. Marshall H. Pettit. Miss Barnes has been for sixteen years a missionary in Japan and is now home on furlough. She spoke briefly three times Sunday at the Baptist church upon her work—at the morning service, at the Sunday school, and at the B. Y. P. U.

Mr. and Mrs. Frank Wheldon and children and Mr. and Mrs. Thomas Buntin of Detroit motored out Sunday to visit Mr. and Mrs. Milo Ehlman.

Rev. M. S. Slaybough of Grass Lake has rented the house at 207 Summit street and will open it for students. He will doubtless take a pastorate in this vicinity.

Mr. and Mrs. Chas. H. Shedd of Detroit has taken Mrs. Caroline Phillips' house at 124 College Place.

Mrs. Storey, who has been in the city visiting Mrs. S. E. Howe, has returned to her home in Albany, N. Y.

Mrs. Mary B. Goddard and Miss Mary A. Goddard returned Saturday evening from Belvedere, Ill., where they had been the guests for several weeks of Mrs. John Ramsey, Mrs. Goddard's sister.

## Essex Man Charged With Slaying Wife

Essex, Ont., Sept. 11.—Mrs. Mary Reeb, 54, was found on the floor of the kitchen in her home in Maidstone township, near here, at 4 o'clock Sunday afternoon, dead as the result of a battering with an ax.

Her husband, George Reeb, 57, is missing, and it is believed he murdered his wife. A man answering his description crossed to Detroit on the Walkerville ferry at 10 o'clock Sunday night and the Detroit police have thrown out a dragnet in an effort to apprehend the man.

The discovery of the crime was made by Asher Reeb, a son, who left the house at 1 o'clock for a stroll through the woods. He returned at 4 and found his mother, dead, lying on the floor in a pool of blood with her face and the side of her head battered in. A blood stained ax was lying near by. There were no signs of a struggle, and it was the idea of the Canadian police that she had first been felled with a blow of the fist and then struck with the blunt side of the ax.

According to Asher Reeb, the son, the couple quarreled once about 20 years ago and Reeb attempted to shoot his wife, wounding her in the arm. He served a jail sentence for this, and the couple were apart for a number of years, but a reconciliation was afterwards effected.

The couple has had 13 children. Two daughters, Lottie and Birdie, aged 13 and 14 years, were away at Sunday school when the crime was committed.

The Canadian officers, under command of High Constable Champeau, are scouring the vicinity of the crime for traces of Reeb.

The man is described at 57 years old, weighing about 185 pounds and of powerful build. He had dark hair and eyes and a small mustache.

Gray Switches—a fine line to choose from at M. & E. Simpson's.

If the person who took the jardiniere from a porch on Emmet street, July 25, will return it no questions will be asked. Parties will be liable to prosecution if property is not returned. 911

## CAR SMASHES AUTOMOBILE

One Man is Killed and Two Injured in Accident at Gary.

Gary, Ind., Sept. 11.—A South Shore interurban limited car, running at a high rate of speed, crashed into an automobile containing three men, killing one of them and injuring the others. The accident occurred at Ambridge avenue. William Hilty, twenty-eight years old, was killed instantly. His skull was crushed.

Captain Samuel Phipps, forty-eight years old, suffered a broken arm and internal injuries. It is said he will die. Dana Avery, twenty-one years old, suffered internal injuries, and was taken to his home in Tolleston. The machine was purchased by Captain Phipps, who is chief of police of the American Bridge company. He was learning to operate the automobile when the accident occurred. Hilty was married six weeks ago to a Pittsburgh girl. His bride is in that city.

## A BIG FAMILY REUNION

RELATIVES MEET FOR BIG TIME—

OTHER NEWS NOTES FROM

YPSILANTI TOWN.

Ypsilanti Township, Sept. 3.—The second annual Ward-Crittenden reunion was held Monday, Sept. 4, at the home of Mr. and Mrs. J. W. Talladay one and a half miles south of Stony Creek. This association includes the direct descendants of William and Phoebe Kelsey, pioneer residents of August township whose two daughters, Mrs. Ward and Mrs. Crittenden constitute the maternal heads of the two families. There were 35 present. A bountiful chicken dinner was served at one o'clock on the lawn after which the guests adjourned to the orchard where a baseball game was the feature of the occasion. The married men played against the boys, Lloyd Ward of Milan was pitcher and Prof. Floyd Robison of Detroit, catcher, for the married men and George Gorton, pitcher, and William Renger, of Plymouth, catcher for the boys. Dr. Charles Robison of Milan was umpire. Although the married men ran an even score the greater part of the game, the boys finally came to the front and won 27 to 12. The guests were then treated to a melon feast through the kindness of L. E. Ward of Ypsilanti. A business meeting was held later which was followed by a program of music and recitations in-

## FREE FREE A NEW MAP OF FLORIDA

The eyes of the whole world are focussed on Florida. The population increased nearly 50 per cent in the last decade, and will double in the next.

The wonderful opportunities offered to home-seekers in a healthful climate, free from extremes of heat or cold in Summer or Winter, are drawing settlers from every State in the Union.

THE NATIONAL TRIBUNE has had prepared a large and accurate NEW MAP OF FLORIDA compiled from the LATEST SURVEYS of the U. S. GOVERNMENT and the LATEST DATA OF THE P. O. DEPARTMENT.

This map, printed in three colors on heavy plate paper, 28 by 30 inches in size, will be sent to anybody interested.

FREE OF COST except the necessary expense of the tube and postage.

Send 7 cents to THE NATIONAL TRIBUNE, WASHINGTON, D. C., and the MAP will be mailed to your address, securely rolled in a strong tube.

### TOO LATE TO CLASSIFY.

FOUND—Small pet dog, white with black spots, long tail. Had chain around neck with wire attached. Enquire at 932 West Congress St. 911-913\*

Lot 58.9 ft. by 132 ft. Cement walk and curbing, near park, convenient to the schools and downtown. Rooms now taken for the school year. Phone 487. The Ypsilanti Agency Company, 23 N. Washington St. 911tf

cluding songs with guitar accompaniment by the Misses Mary and Vena Gale. Ice cream and cake were then served and the guests returned to their respective homes. The next meeting will be held Sept. 4, 1912, at the home of Mr. and Mrs. L. E. Ward, two miles east of Ypsilanti.

Miss J. Waterbury returned Thursday from a two days' visit in the vicinity of Denton, where she was the guest of Mr. and Mrs. Walter Dixon and also of Mr. and Mrs. H. Burrell. Mrs. Charles Crittenden returned home Wednesday after a few days spent with her daughter, Mrs. Jay W. Talladay, of Stony Creek.

John Gault who has been very seriously ill with blood poisoning the result of a wound from a rusty nail is resting comfortably and hopes of recovery are entertained.

George Crane and Charles Crittenden took a trip to Superior town Thursday.

## HEADACHES

are nature's danger signals. They indicate a deranged stomach, or functional disorders. Don't disregard them. Caparine stops pain quickly, removes the cause, tones up the entire system.

All druggists, 10c and 25c. DeKalb Drug & Chemical Co., DeKalb, Illinois

## FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dissolves the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not take Dr. Caldwell's Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several

times a week until the system has settled to its usual condition.

Among the strongest supporters of Dr. Caldwell's Syrup Pepsin are Mr. W. G. Zorn of New Deatur, Ala. and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

## The Delevan Kindergarten Music Method

### THE OBJECT

of the

Delevan Kindergarten Method.

The object of the Delevan Method is to reduce the difficulties experienced by children when commencing the study of music, and to help them to easily and rapidly acquire the foundation of a musical education in a way that will be thorough, natural and enjoyable.

### The Principal Aims are

To teach children to read music rapidly.

To give them a thorough knowledge of the keyboard.

To make them familiar with time and develop rhythm.

To train the ear.

To make them familiar with musical signs.

To teach them to build the major and minor scales.

To give control of the wrist and fingers.

There are a few minutes out of each lesson hour devoted to physical culture.

To teach them to stand correctly.

To teach them to breathe correctly.

There are exercises the purpose of which are to give health, strength, symmetry, grace, and freedom of action.

Music Taught by Means of Games and Kindergarten Devices.

This method is free from all stupid mechanical drudgery. It is thoroughly in keeping with modern principles of education. All of the best ways and means of helping the beginner to grasp the many depressing difficulties, that face him at the beginning, are adopted to make the study of music an agreeable pastime, rather than an oppressive duty.

All the essential preparation is made very interesting by means of games, songs, and natural and kindergarten devices. The games and devices used are simple and easily understood, and the games prove as interesting and instructive to a child of six as to one of twelve or fourteen years of age, in fact grown people find good entertainment in many of them. Another beauty about them is that every move counts and don't consume too much of the lesson hour in securing the knowledge for which the games were originated. Many of them may be played out of doors as well as indoors, which tends to make them doubly interesting.

Nothing is taught by this method which must be undone, or forgotten. There are no visionary or unreal names associated with or applied to musical terms, and all of the knowledge gained is ready for use.

### Practical Results.

By this method the child gains a sound knowledge of the elements of music before he takes his first piano lessons, thereby giving him a great advantage over those who have not had the benefits of a preparatory course. The child gains more general knowledge of music, than is attained by years of discovering work, with methods that repel rather than appeal to him, and he also learns what is seldom or never taught. He is never discouraged or stupefied by rudimentary work and unconsciously overcomes the usual difficulties of musical notation.

The child is saved many a hard

hour's practice, for by the ordinary way how many times he has had to practice a lesson all over simply because he failed to recognize some musical sign or did not remember it or perhaps he did not understand the time properly.

It is a Recognized Fact That a Preparatory Course is Necessary.

Kindergarten principles, or natural devices have been applied to all the sciences and arts, and it is now a recognized fact that children need a careful preparatory course in music before technical difficulties are presented. There is no subject a child is allowed to take, which has been acquired through such unmitigated drudgery as music, and yet, music is one of the first studies a child is expected to take. The little ones have been taught by the self same method as the adults, although perhaps not so much in quantity and the result has been to bewilder and frighten them, giving them a dislike for a study which should, under suitable conditions, be the most enjoyable and interesting of studies.

Being aware of the demands upon the little pupils, knowing that existing methods were far too difficult, finding how many were the mistakes made in the first steps of the study of music, and feeling the greater need was in starting the little ones in the right direction, the first kindergarten principles of the Delevan Method were originated over twelve years ago, for the purpose of making the pathway toward the understanding of music an easier road for little feet to travel, and to lead them step by step in such a natural pleasant way, that without really knowing it all the foundation principles of music had been acquired and the drudgery, dreaded by many of those taking up the study, turned into pleasure.

The Advantages of the Delevan Method Over the Ordinary Way.

By the ordinary methods the child is brought into sudden contact with a bewildering mass of strange figures and mathematical problems. Thus unnaturally trained, the result has been that many grew to detest the sound of piano, and to dread the hour of practice.

The Delevan Method interests the children from the start by means of natural and kindergarten devices, musical games, etc., which indelibly fix in their minds the necessary principles of music, notation, rhythm, etc., in such an enjoyable way that they think the lesson hour, the most delightful hour of the day and often ask to have the time extended. This method relieves children of much of the mental strain experienced in ordinary methods of instruction. Perhaps the reader can recall his own early struggle with tired untrained little fingers trying to read the music, locate the keys, understand the time and musical signs. When we stop to consider the question, it is certainly absurd to think of a child practicing on the piano until he can at least read music, understand the time and musical signs and ably locate every note on the keyboard. Leschetizky, one of the greatest piano teachers in the world, would not allow his advanced pupils to go to the piano to practice their lesson until they had memorized the lesson. This was the secret of his method.
